## TATUM O'NEAL DISSES DAD RYAN!

Too little, too late? In the wake of **Tatum O'Neal** and **John McEnroe's** son **Kevin's** drug bust, Tatum's estranged dad, **Ryan O'Neal**, is hoping to mend fences — but his Oscar-winning daughter isn't having it. "Ryan called Tatum and said they need to learn how to be father and daughter again, and he wants to be there to help Kevin," a friend reveals. "But Tatum told him that she and John are handling it." The elder O'Neal is no stranger to a family drug problem — he and **Farah Fawcett's** 29-year-old son, **Redmond**, did more than a dozen stints in rehab and a jail term before finally getting clean in 2012. "Ryan believes he straightened out Redmond and wants to help his grandson do the same," adds the friend, who reveals that Tatum doesn't want any of her dad's help. "Tatum has worked hard to find her own sobriety and believes she knows what's best for her son." ★

Ryan O'Neal

"Every time she tries to reconcile with her dad, it blows up in her face," says a friend.

## DIVA GWYNETH BANNED FROM TELEVISION?

PUT HER ON MUTE!

It isn't just some of her fans who are fed up with **Gwyneth Paltrow's** elitist antics — Hollywood is following suit. "Her difficult behavior and diminishing star power have made it difficult for her to get leading movie roles," divulges an industry insider. Now Gwyn has turned to her plan B: a TV role. However Gwyn's diva ways aren't any more welcome on the small screen. "Networks have been interested in her, but she wants \$1 million per episode — it's ridiculous!" balks the insider. "Plus, she wants control of casting and script changes. She drives people crazy, so they move on." The source says Gwyneth's bad attitude cost her leading roles on two upcoming prime-time shows, *CSI: Cyber* and *Bad Judge*. "Now she's starting to panic, but unless she gets a reality check, this will keep happening," warns the spy. "People won't keep putting up with her forever." ★

## ERIQ LA SALLE A REAL-LIFE HERO!

**ER** hunk **Eriq La Salle** isn't a doctor — he just played one on TV. But after a car crash in Marina Del Rey, Calif., on July 26, that was good enough! The 52-year-old actor, best known as **Dr. Peter Benton**, came to the aid of a young woman struck by an elderly driver and pinned against the wall of a **Barnes & Noble** bookstore. "He was there signing his new book, *Laws of Wrath*," an eyewitness tells *Star*, "but when the car smashed into the building, he ran outside. When he saw the victim pinned against the wall, he held her hand and comforted her and kept telling her she was going to be all right and stayed until the fire department arrived. He was so sweet!" ★
